

Catherine B. Templeton, Director

Promoting and protecting the health of the public and the environment

## PUBLIC NOTICE

Notice #: 16004-1 Permit #: 16004 Date: June 18, 2013

This notice is to inform the public that the S.C. Department of Health and Environmental Control (Agency) is taking comments on a Corrective Action Plan (CAP). The CAP addresses cleanup of soil and groundwater contamination at the location listed below. The contamination was caused by a petroleum release from the underground storage tank (UST) system at this location. Based on current data, the contamination is below levels of concern and does not pose a threat to human health or the environment.

FACILITY: Courtney Fisher Property, 305 Ashley Avenue, Charleston, SC

**APPLICANT**: Dr. Courtney M. Fisher, P.O. Box 20939, Charleston, SC

**SUMMARY OF CAP**: Petroleum compounds naturally degrade over time through chemical, physical, and biological processes. These processes are called natural attenuation. The Agency is directing periodic groundwater monitoring to confirm natural attenuation and to verify that the contamination remains below levels of concern.

**PUBLIC COMMENT PERIOD DEADLINE:** The deadline for submitting written comments is July 2, 2013. Any interested person(s) may submit written comments concerning the cleanup to the Project Manager listed below. Please bring this notice to the attention of persons whom you know will be interested in this matter. Where there is a significant degree of public interest, the Agency will hold a public hearing.

Joel P. Padgett, P.G. SCDHEC- UST Management Division 2600 Bull Street Columbia SC 29201 803-898-0655

**CONTACT INFORMATION**: For additional information, please call the Project Manager listed above. To view a copy of the CAP, contact the SCDHEC Freedom of Information Office at 803-898-3882.

Section 280.67 of the S.C. Underground Storage Tank Control Regulations (R.61-92) requires that any CAP prepared to meet the requirements of 280.66 be placed on notice for public comment.
